

BINGHAM CANYON (UTAH) [78]

CORRESPONDENCE AND SUBJECT FILES, ca. 1904#1972

4 cu. ft. and 7 reels 35mm microfilm

DESCRIPTION: This series contains the surviving correspondence and subject files of the various offices of Bingham Canyon. The correspondence from the different offices of the city was filed together. The day- to-day correspondence of the city serves to document the implementation of public policy in Bingham Canyon. The correspondence with other governments can serve to document compliance with state or national laws and regulations. The series includes correspondence with other governmental bodies, citizens of Bingham Canyon, potential vendors, and companies doing business in Bingham Canyon. The material can relate to any subject and includes citizen petitions, applications for employment or licenses, reports to state and national government agencies, notification of noncompliance with ordinances, and personnel matters.

ARRANGEMENT: Alphabetical by name of correspondent or subject heading; thereunder, chronological by date of correspondence.

RELATED RECORDS: As this series documents the implementation stage of a public policy making cycle, other series held by the Utah State Archives can document the formulation stage of policy making. These related series include CITY COUNCIL MINUTES, series 4587; ORDINANCES AND RESOLUTIONS, series 4599; ORDINANCE AND RESOLUTION REGISTER, series 17354.

ACCESS RESTRICTIONS: Box 2, folders 30#47 (reel 3); Box 3, folders 54#59 (reel 5); and Box 4, folders 11#17 (reel 6) contain information classified as Private by the Government Records Access and Management Act [see Utah Code, 63#2#302(1)]. The remainder of the

series is public.

PROCESSING NOTE: Processed by Paul G. C. Smith in 1995. This series microfilmed in June 1996, and the originals were retained for artifactual value of some of the letterhead. Some minor deviations from the strict alphabetical arrangement are evident in the container list. These occur when maintaining the strict alphabetical arrangement would have hidden subject files or major correspondents, or otherwise been confusing. For instance, box 3, folder 21, contains the correspondence in the range Me#My while Montana#Bingham Consolidated Mining Company correspondence is found in folder 22 and Municipal League is in folder 23.
